PREFACE

Himachal Pradesh, “Crime Review-2018” is the 11th issue being published by State CID, SCRB. Efforts have been made to collect, present and analyze the data. Our endeavour was to make available maximum details by way of statistical tables, graphs/charts and brief interpretation wherever possible.

The job of data interpretation of crime is increasingly becoming important tool to forecast future trends for proper law enforcement and therefore, mere presentation of statistics does not serve the purpose anymore. It is our objective to collect accurate, meaningful and relevant statistics which would contribute towards formulation of focused Crime Control Policies in the State.

The Officers and the staff of State Crime Records Bureau, H.P have made significant contribution towards the preparation of this 11th issue of Crime Review because of which it has become possible to bring this 11th issue in such a comprehensive manner.

I am sure this effort will go a long way in helping the police officers besides providing information to all stakeholders.

I look forward to your suggestions/feedback at scrb-hp@nic.in

CHAPTER-4

CRIMES AGAINST WOMEN

4.1 General:

Crime which are directed specifically against women are characterized as Crime against Women. They may be broadly classified under following two categories:-

1. Crimes against Women identified under the Indian Penal Code (IPC)

- (i) Murder Sec 302,303 IPC)
- (ii). Dowry Deaths (Sec304B IPC)
- (iii) Abetment to Commit Suicide (Sec.306 IPC)
- (iv) Acid Attack
- (v) Cruelty to Women (Sec. 498A IPC)
- (vi) Kidnapping & Abduction (Sec. 363,366, IPC)
- (vii) Rape
- (viii) Attempt to Commit Rape
- (ix) Assault on Women with intend to outrage her modesty Sec.354 IPC)
- (x) Insult to the modesty of Women (Sec.509 IPC)

2. Crimes against Women Identified under the Special and Local Laws(SLL)

Although all laws are not gender specific, the provision of law affecting women significantly have been reviewed periodically and amendments carried out to keep pace with the emerging requirements. Some acts which have special provisions to safeguard women and their interests are

- (i) Immoral Traffic (Prevention) Act
- (ii) Dowry Prohibition Act, 1961
- (iii) The Child Marriage Restrain Act.
- (iv) Protection of women from Domestic violence
- (v) Sati Prevention Act.

The Crimes against Women are being closely monitored in the State. Several measures have been undertaken to tackle this social menace. On one hand, special attention is being paid towards prevention of crimes against women by increased police vigil and by harnessing the resources of the community.

Crime against women has minor increase during the year 2018 in comparison to the previous year, 2017. However, last 10 years annual average of crime against women is 1370. During the year 2018, 1646 cases of crime against women have been registered in the state. As compared to 10 years state average, this increase is due to the fact that in past the women usually hesitated to report the unfortunate incidents, which took place with them and also due to change of law. But now on account of increased awareness and change in social values, ethos and social reassurances being provided by the society, free registration of cases, opening of Women Police Stations and Suvidha Yojna started by the HP Police Department, women are more often coming forward to report the offences taking place against them.

HP Police Department has initiated many steps in the recent years to ensure better police response to the malaise. Women Police Stations have been opened in all districts except Kinnaur and Lahaul & Spiti to monitor quick disposal of cases of crime against women. A Women Crime Unit has also been constituted at State CID Hdqrs. 02 AHTU's have also been established in Shimla & Kangra in first phase. No particular area is prone to crime against women in the state. No special organized gang is operative in the state to commit crime against women. In a nutshell, a complete sense of security is prevailing among women folk and they are performing their daily chores without any fear.

PERSONS ARRESTED UNDER (SLL) CRIMES -2018

CHAPTER-7

CRIME AGAINST WEAKER SECTIONS OF SOCIETY (SC/ST)

7.1 General:

A complete harmony among different sections of society is prevailing in the State. No particular area of the State is notorious for the commission of offences against the SCs/STs. However sporadic incidents of violence against the members of these communities do take place off and on.

India is a welfare State. It is committed to the welfare and development of its people in general and of vulnerable sections in particular. Equality of status and opportunity to all citizens of the country are guaranteed by the constitution of India which also provides that no individual shall be discriminated against on grounds of religion, caste or sex. Fundamental rights and specific provisions, namely, Articles 38, 39 and 46 in the constitution of India stand testimony to the commitment of the State towards its people. The strategy of the State is to secure distributive justice and allocation of resources to support programmes for social, economic and educational advancement of the weaker section in general and those of Scheduled Casts and Scheduled Tribes.

7.2 Constitutional Rights:

The Indian Constitution vide Article 15 lays down that no citizen shall on grounds of religion, race, sex or place of birth be subjected to any disability or restriction. It also guarantees that every citizen shall have equality of status and opportunity.

7.3. Legal Rights:

To uphold the constitutional mandate and to safeguard the interests of this section of the society, special social enactments have come into force from time to time including privileges by way of reservations for them.

The major legal enactment sponsored by Centre is:

- (i) Protection of Civil Rights Act, 1955; and
- (ii) SC/ST (Prevention of Atrocities) Act, 1989

The Protection of Civil Rights Act, 1955 was enacted in furtherance of Article 17 of the constitution by which untouchability was abolished and its practice in any form is forbidden. Further, in order to check and deter crimes against SC/STs by persons belonging to other communities, the Scheduled Casts and Scheduled Tribes (Prevention of Atrocities) Act, 1989 was brought into force from 30th January, 1990. These enactments have extended the positive discrimination in favour of SCs and STs to the field of criminal law in as much as they prescribe penalties that are more stringent than for corresponding offences under Indian Penal Code (IPC) and other laws.

In addition, in pursuance of the Constitution 65th Amendment Act, 1990, National Commission for SCs and STs was constituted w.e.f. 12th March, 1992 with wide functions and powers of Civil Courts to take up matters which are of vital importance for socio-economic development of SCs and STs.

CHAPTER-8

SUICIDAL DEATHS

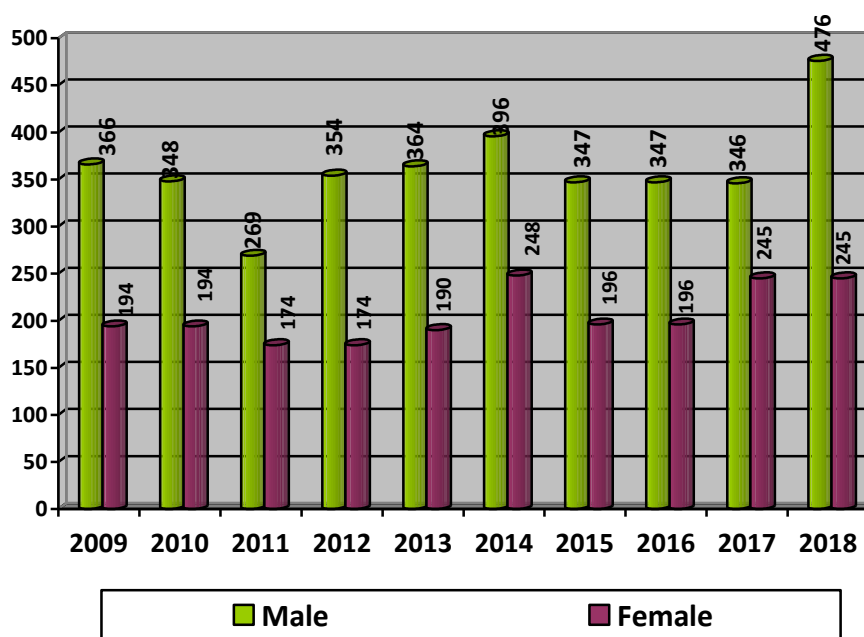

8.1 General :

According to Oxford dictionary, 'suicide' means 'the act of killing oneself intentionally'. The 'suicide' word has its origin from Latin word 'sui' (of oneself) plus 'cardere' [kill]. It is a step which is taken by one normally in an emotionally or mentally weak moment when he or she feels coping with life is impossible

The number of suicides reported in Himachal Pradesh during 2018 was 740 as against 591 during 2017 indicating a increase of 25.21%.

Kangra recorded the highest number of suicides during 2018 (187) followed by Mandi (98), Shimla (85), Hamirpur (76), Una (65), Sirmaur (61), Solan (53), Baddi (49) and Bilaspur (35). Suicides during 2009-2018 is presented in Chart 8.1

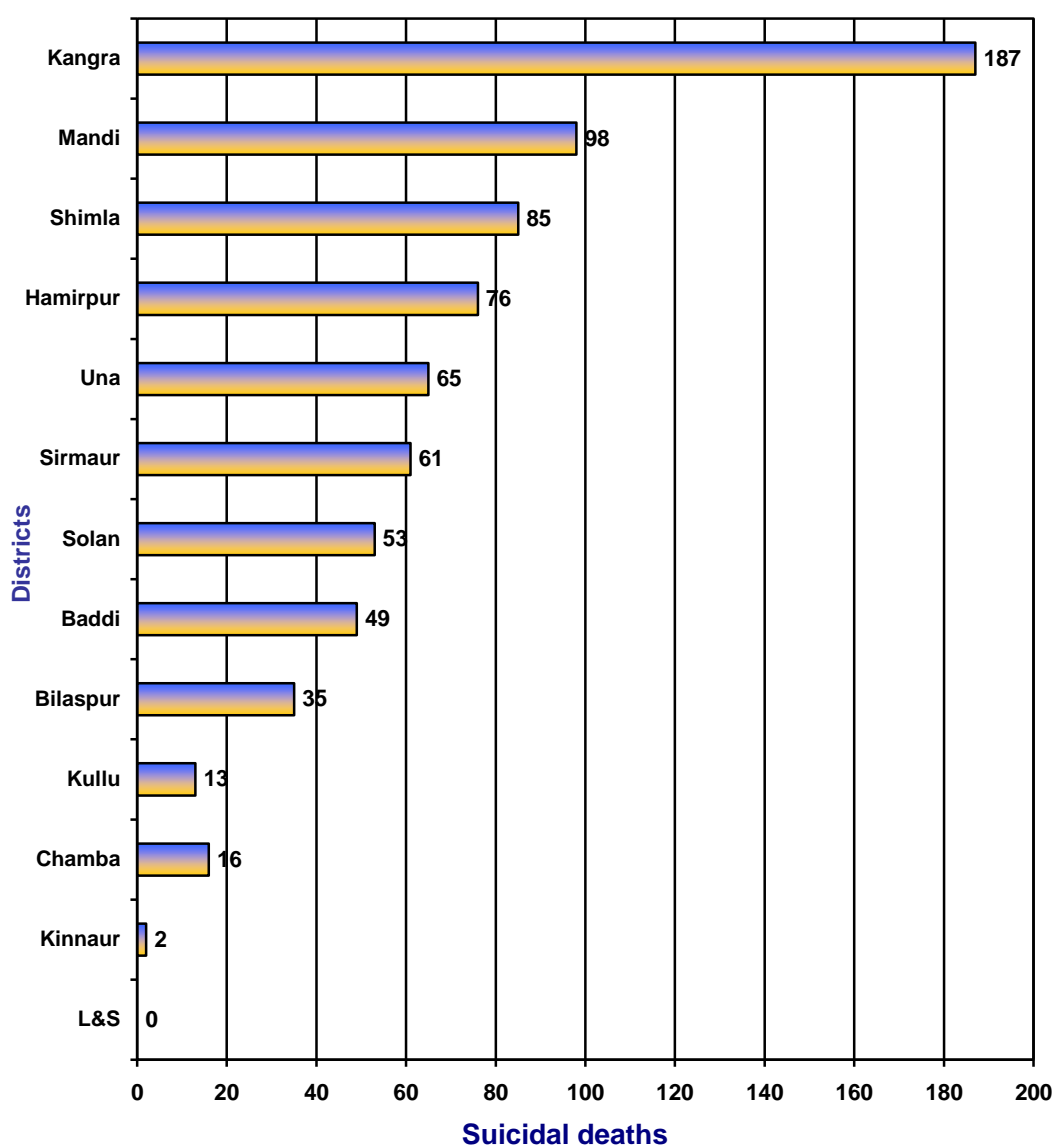

CHART 8.1
SUICIDE CASES (MALE AND FEMALE) DURING 2009-2018

District-wise break-up of suicides during 2018 is available in Table 8.1. Comparative suicidal deaths for the last 10 years (2009-2018) including male and female is depicted in Table 8.1. Chart 8.2 depicts the district wise incidence of suicidal deaths during 2018.

CHART-8.2

8.7 Age Profile of Suicide Victims:

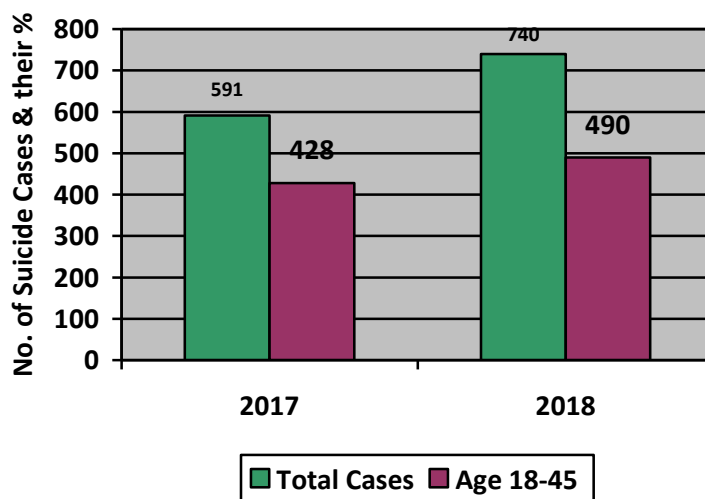

The following table gives the details of age groups of the suicide victims for the year 2017 and 2018:-

Age Group	2017				2018

The analysis shows that the age profile of most of the suicide victims both men and women falls into two age-groups of 18-30 and 30-45 years. Thus it can be said that most people who commit suicide do so in the prime of their lives between 18 to 45 years of age (72.4% in 2017) and (66.2 % in 2018) This fact can be further co-related to the reasons for suicide i.e. ‘family problems’ and ‘illness’.

Another aspect that is brought forth is that those who committed suicide were mostly **Professional/Salaried persons** (19.9%) in case of males and **housewives** in case of females (59.9%). This fact can again be co-related to the age profile falling within 18-45 years.

CHART-8.9

8.11. Conclusions:

- i) There has been an increase in the suicide cases committed by men during the year 2018 as against the year 2017.
- (ii) Kangra, Mandi, Shimla, Una and Hamirpur reported more suicidal deaths as compared to the other 08 districts of the state.
- (iii) The major cause of suicides remained 'family problems' followed by 'illness'. 'Unemployment' is certainly not one of the major causes of suicides as it contributes less than 15 % of total suicide cases.
- (iv) Most of the women suicide victims were house-wives. The

farmers/agriculturists do not form major group of suicide victims as this group contributes only 2.29% to total suicide cases.

- (v) The majority of the suicide victims were married and in the age group of 18 to 45 years.
- (vi) The most popular means for committing suicide remained taking 'poison' followed by 'hanging'.

“Any illegal action in which a computer is a tool or object of crime, in other words, any crime, the means or purpose of which is to influence the function of computer.”

The hacking can evolve into other substantive violations, for example, alteration of accounts, drawl of money etc. by cyber intrusion into a bank.

Computer becomes a tool for cyber crime when it becomes a convenient method to commit crimes affecting large scale net-works and programmes such as introducing virus into large scale reservation or financial network or unauthorizedly obtaining classified information from data stored in defense and security computers.

10.2 Classification of computer crimes:

The most accepted classification of computer crimes is as follows:

- (i) Computer related frauds.
- (ii) Computer forgery.
- (iii) Damage to computer data of computer programmes.

- (iv) Computer sabotage.

- (vi) Unauthorized interception
- (vii) Unauthorized reproduction of a protected computer programmes
- (viii) Unauthorized reproduction of a topography
- (ix) Alteration of computer data or computer programmes
- (x) Computer espionage

- (xii) Unauthorized use of a protected computer programmes.

10.3. Incident of Computer Crime:

Chart 10.1 depicts the incidents of Cyber Crimes reported from 2016-2018. Table 10.1 carries the district-wise details of cases registered under IT Act.
