## **PREFACE**

**Himachal Pradesh, “Crime Review-2012” is the fifth issue being published by State CID, SCRB. Efforts have been made to collect, present and analyze the data. Our endeavour was to make available maximum details by way of statistical tables, graphs/charts and brief interpretation wherever possible.**

**The job of data interpretation of crime is increasingly becoming important tool to forecast future trends for proper law enforcement and therefore, mere presentation of statistics does not serve the purpose anymore. It is our objective to collect accurate, meaningful and relevant statistics which would contribute towards formulation of focused Crime Control Policies in the State.**

**The Officers and the staff of State Crime Records Bureau, H.P have made significant contribution towards the preparation of this fifth issue of Crime Review because of which it has become possible to bring this fifth issue in such a comprehensive manner.**

**I am sure; this effort will go a long way in helping the police officers besides providing information to all stakeholders.**

## **CHAPTER-4**

### **CRIMES AGAINST WOMEN**

#### **4.1 General:**

Crime which are directed specifically against women are characterized as Crime Against Women. They may be broadly classified under following two categories :-

##### **1. Crimes against Women Identified under the Indian Penal Code (IPC)**

- (i) Murder Sec 302,303 IPC )
- (ii) Culpable Homicide (Sec 304 IPC )
- (iii) Rape (Sec. 376 IPC )
- (iv) Dowry Deaths ( Sec304B IPC )
- (v) Kidnapping & Abduction ( Sec. 363,366, IPC )
- (vi) Molestation ( Sec.354 IPC )
- (vii) Abetment to Commit Suicide ( Sec.306 IPC )
- (viii) Cruelty to Women (Sec. 498A IPC
- (ix) Eave Teasing ( Sec.509 IPC

##### **2. Crimes against Women Identified under the Special and Local Laws(SLL)**

Although all laws are not gender specific, the provision of law affecting women significantly have been reviewed periodically and amendments carried out to keep pace with the emerging requirements. Some Acts which have special provisions to safeguard women and their interests are

- (i) Immoral Traffic (Prevention) Act
- (ii) Dowry Prohibition Act, 1961
- (iii) The Child Marriage Restrain Act.
- (iv) Indecent Representation of Women (Prohibition) Act

(v) Satti Prevention Act.

The Crimes against Women are being closely monitored in the State. Several measures have been undertaken to tackle this social menace. On one hand, special attention is being paid towards prevention of crimes against women by increased police vigil and by harnessing the resources of the community.

Crime against women has decreased during the year 2012 in comparison to the previous year. However, the marginal increase is reported in some of the cases of crime against women for the last two years. This is due to the fact that in past the women usually hesitated to report the unfortunate incidents, which took place with them. But now on account of increased awareness and change in social values, ethos, social reassurances being provided by the society, free registration of cases and Suvidha Yojna started by the HP, Police Department, Women are more often coming forward to report the offences taking place against them.

HP Police Department has initiated many steps in the recent years to ensure better Police response to the malaise. A Women Crime Unit has been constituted at State CID Hdqrs., Shimla to monitor as well as to ensure quick disposal of cases of crime against women. 2 AHTU's have also been established in Shimla & Kangra in first phase. No particular area is prone to the incidence of such crime in this state. No special organized gang is operative in the state to commit crime against women. In a nutshell, a complete sense of security is prevailing among women folk and they are performing their daily chores without any fear.

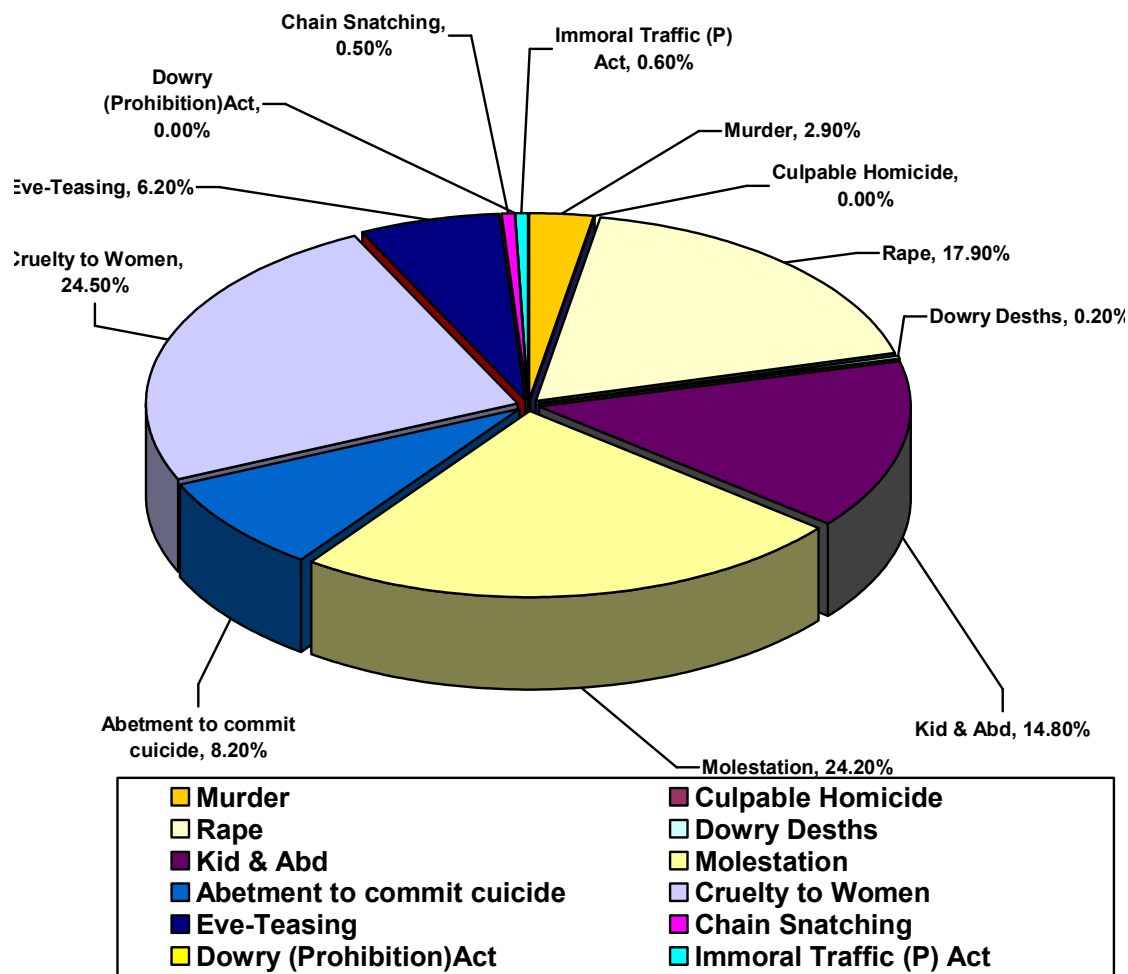

#### **4.2 Incidence of Crime Against Women:**

## **CHAPTER-7**

### **CRIME AGAINST WEAKER SECTIONS OF SOCIETY (SC/ST)**

#### **7.1 General:**

A complete harmony among different sections of society is prevailing in the State. No particular area of the State is notorious for the commission of offences against the SCs/STs. However sporadic incidents of violence against the members of these communities do take place of and on.

India is a welfare State. It is committed to the welfare and development of its people in general and of vulnerable sections in particular. Equality of status and opportunity to all citizens of the country are guaranteed by the constitution of India which also provides that no individual shall be discriminated against on grounds of religion, caste or sex. Fundamental rights and specific provisions, namely, Articles 38, 39 and 46 in the constitution of India stand testimony to the commitment of the State towards its people. The strategy of the State is to secure distributive justice and allocation of resources to support programmes for social, economic and educational to advancement of the weaker section in general and those of Scheduled Casts and Scheduled Tribes.

#### **7.2 Constitutional Rights:**

The Indian Constitution vide Article 15 lays down that no citizen shall on grounds of religion race , sex or place of birth be subjected to any disability or restriction. It also guarantees that every citizen shall have equality of status and opportunity.

#### **7.3. Legal Rights:**

To Uphold the constitutional mandate and to safeguard the interests of this section of the society, Special social enactments

have come into force from time to time including privileges by way of reservations for them

The major legal enactment sponsored by Centre is:

- (i) Protection of Civil Rights Act, 1955; and
- (ii) SC/ST (Prevention of Atrocities) Act, 1989

The Protection of Civil Rights Act, 1955 was enacted in furtherance of Article 17 of the Constitution by which untouchability was abolished and its practice in any form is forbidden. Further, in order to check and deter crimes against SC/STs by persons belonging to other communities, the Scheduled Casts and Scheduled Tribes (Prevention of Atrocities) Act, 1989 was brought into force from 30<sup>th</sup> January, 1990. These enactments have extended the positive discrimination in favour of SCs and STs to the field of criminal law in as much as they prescribe penalties that are more stringent than for corresponding offences under Indian Penal Code (IPC) and other laws.

In addition, in pursuance of the constitution 65<sup>th</sup> amendment Act, 1990, National Commission for SCs and STs was constituted w.e.f. 12<sup>th</sup> March, 1992 with wide functions and powers of Civil Courts to take up matters which are of vital importance for socio-economic development of SCs and STs.

#### **7.4 The Crimes Identified under the Indian Penal Code (IPC) and Local & Special Laws):**

## CHAPTER-8

### SUICIDAL DEATHS

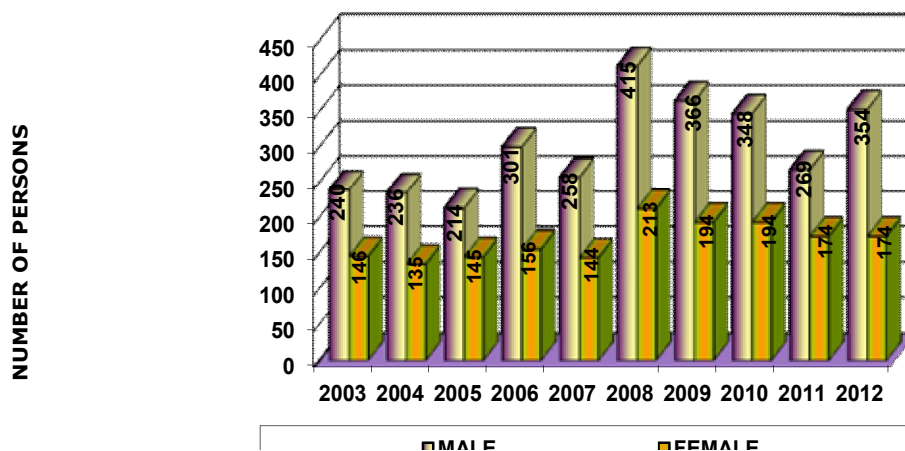

#### 8.1 General :

According to Oxford dictionary, 'suicide' means 'the act of killing oneself intentionally'. The 'suicide' word has its origin from Latin word 'sui' (of oneself) plus 'cardere' [kill]. It is a step which is taken by one normally in an emotionally or mentally weak moment when he or she feels coping with life is impossible

The number of Suicides reported in Himachal Pradesh during 2012 was 528 as against 443 in 2011 indicating an increase of 19.19%.

Kangra District recorded the highest number of suicides during 2012 (155) followed by Hamirpur (66), Shimla (59) and Mandi (56). Remaining districts reported below 50 cases of suicides. Suicides during 2003-2012 is presented in Chart 8.1

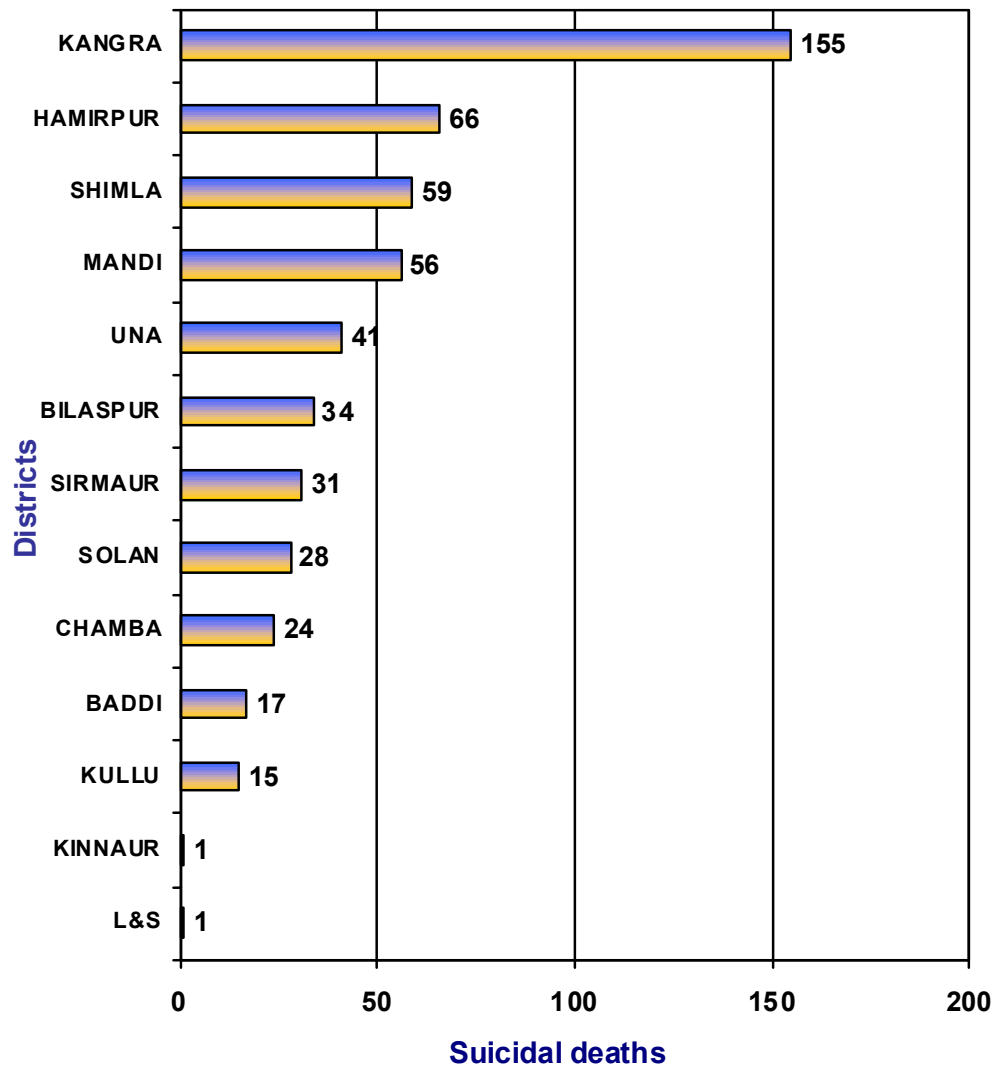

**CHART 8.1**  
**SUICIDE CASES (MALE AND FEMALE) DURING 2003-2012**

District-wise break-up of suicides during 2012 is available in Table 8.1. Comparative Suicidal deaths for the last 10 years (2003-2012) including male and female is depicted in Table 8.1. Chart 8.2 depicts the district wise incidence of suicidal deaths during 2012.

## 8.2. Suicide Rate per lac persons:

The following table shows district-wise suicide rate per lac population during 2011 & 2012:-

Distt	Population (2011)	Suicide Cases		Rate per Lac	
		2011	2012	2011	2012
BADDI	256220	26	17	10.1	6.63
Bilaspur	382056	17	34	4.4	8.90
Chamba	518844	16	24	3.1	4.63
Hamirpur	454293	58	66	12.8	14.53

Kinnaur	84298	7	1	8.3	1.19
Kullu	437474	7	15	1.6	3.43
L/Spiti	31528	0	1	0.0	3.17
Mandi	999518	35	56	3.5	5.60
Shimla	813384	51	59	6.3	7.25
Sirmaur	530164	33	31	6.2	5.85
Solan	320450	40	28	12.5	8.74

<b>Total</b>	<b>6856509</b>	<b>443</b>	<b>528</b>	<b>6.5</b>	<b>7.70</b>

From the above table it is revealed that there has been an increase of over 19% (from 443 to 528) in suicide cases during the year 2012 over the year 2011. The major increase has been witnessed in the districts of Bilaspur (from 17 to 34), Kangra (from 116 to 155), Mandi (from 35 to 56), Kullu (from 7 to 15) and Chamba (from 16 to 24). However, there has been major decrease in Baddi (from 26 to 17) Kinnaur (from 7 to 1), Solan (from 40 to 28).

### 8.3 District-wise percentage of suicide cases:-

The following table shows the percentage of suicide cases as compared to the percentage of the population of the district:

District	Population Percentage	Percentage of Suicide Cases	
		2011	2012
BADDI	3.74	5.9	3.22
Bilaspur	5.57	3.8	6.44
Chamba	7.57	3.6	4.55
Hamirpur	6.63	13.1	12.50
Kangra	21.98	26.2	29.36
Kinnaur	1.23	1.6	0.19

Sirmaur	7.73	7.4	5.87
Solan	4.67	9.0	5.30
Una	7.60	8.4	7.77

### 8.8 Age Profile of Suicide Victims:

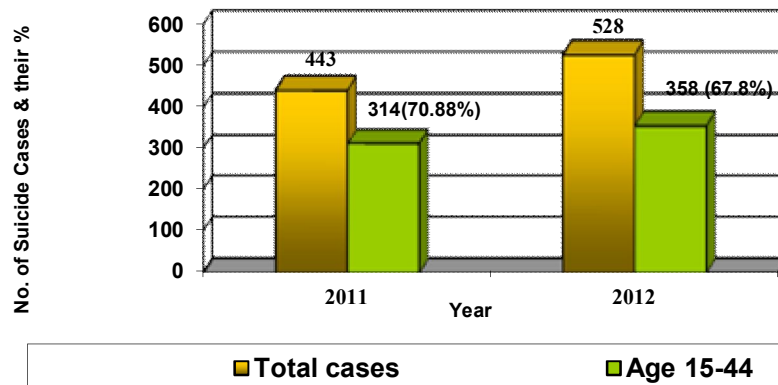

The following table gives the details of age groups of the suicide victims for the year 2011 and 2012:

Age Group	2011				2012			
	Male	% against Total	Fe-male	% against Total	Male	% against Total	Fe-male	% against Total

The analysis shows that the age profile of most of the suicide victims both men and women falls into two age-groups of 15-29 and 30-44 years. Thus it can be said that most people who commit suicide do so in the prime of their lives between 15 to 44 years of age (70.89% in 2011 and (67.8% in 2012 ) This fact can be co-related to the reasons for suicide i.e. 'family problems' and 'illness'.

### 8.9 Profession Profile of Suicide Victims:

The following table gives the profession profile of the suicide victims for 2011 and 2012:

Another aspect that is brought forth is that those who committed suicide were mostly in service profession in case of males and **housewives** in the case of females. (in 2011, 16.3% males were in service and 14.7% females were housewives and in 2012, 10.98% males were in service and 15.15% females were housewives). This fact can again be co-related to the age profile falling within 15-44 years.

#### **8.11. Conclusions:**

- (i) There has been an increase in the suicide cases, both in male & female cases during the year 2012 as against the year 2011.
- (ii) The districts of Kangra, Hamirpur, Shimla and Mandi were found more prone to suicidal deaths as compared to the other 10 districts of the state.
- (iii) The major cause of suicides remained 'family problems' followed by 'Illness'. 'Unemployment' is certainly not one of the major causes of suicides as it contributes less than 8 % to total suicide cases.
- (iv) Most of the male suicide victims were in service and female

suicide victims were house-wives. The farmers/agriculturists do not form major group of suicide victims as this group contributes only 5% to total suicide cases.

- (v) The majority of the suicide victims were married and in the age group of 15 to 44 years.
- (vi) The most popular means for committing suicide remained taking 'poison' followed by 'hanging'.
